

**VILLAGE OF NEW HYDE PARK**  
**OFFICIAL REPORT - SUMMER 2019**

**Village Hall: 354-0022 [www.vnhp.org](http://www.vnhp.org) DPW: 354-0064**

***Mayor's Letter to the Residents***

Dear Neighbors,

Reading the following pages of the Summer 2019 Village Newsletter provides a glimpse of some of the things that make New Hyde Park, "a great place to live"; and the great people in New Hyde Park who make it so.

For instance, thanks to Cultural Commissioner Lisa Miranda, we had four great shows this summer at Memorial Park - except for two that were brought indoors to Marcus Christ Hall due to the weather. I particularly enjoyed the John Fogerty Project that rocked Marcus Christ Hall with sounds from the bayou. We are so grateful to Maspeth Savings Bank for sponsoring one of these great shows, as they have done for many years.

We had another great summer recreation program for 146 of our youngsters at Memorial Park. Thanks to our camp counselors for the great work they did keeping these young kids happy, active, and safe.

As the summer winds down, we also say goodbye to the summer help at DPW. The summer DPW crew play an important role in filling in for the regular DPW crew so they can take well deserved vacations, as well as providing additional labor to tackle some of the seasonal maintenance work that needs to be done each year. Not to mention the outstanding job our regular DPW crew does for us day in and day out: rain, snow, or shine. We were delighted to see our new street cleaner put into service this season.

We had an opportunity to share a poignant evening with Don Barbieri's family as we dedicated a plaque for Don in the Village court room. The plaque with Don's picture hangs behind the place he used to sit at Board meetings and serves as a reminder of Don's love of the Village and his compassion for its residents.

We also honored the memory of another long time resident and Trustee, Florence Lisanti. Like Don, Florence loved New Hyde Park and worked tirelessly for the community she called home.

There are so many other people who make New Hyde Park so special, which is why Janet Bevers and Rich Pallisco have been working so hard to put our Community Day together. Since the 3<sup>rd</sup> Track Project has nixed this year's Street Fair on Jericho Turnpike, we thought we'd take the party to the park. We're looking forward to a more intimate setting where we can stroll through Memorial Park, enjoy the festivities, and meet up with neighbors you know and some you don't. A great place to meet people like yourself; people who makes New Hyde Park: "*a great place to live.*"

Sincerely,

Lawrence J. Montreuil  
Mayor, Village of New Hyde Park

## LIRR MAINLINE PROJECT UPDATE

Mayor Montreuil remarked in his July 21st Mayor's Letter to the Residents, that ***"we've been working on the railroad, all the live long day."*** Covert Avenue construction is now over 50% complete, the demolition of 115 New Hyde Park Road is complete and a temporary parking lot has been constructed, New Hyde Park Road utility relocation continues, and the New Hyde Park Road water drainage retention basin construction has been initiated. Since the closing of Covert Avenue on April 15<sup>th</sup>, the Board has been working with the MTA and 3TC day in and day out. That said, our residents have also endured and experienced many adverse effects as a result of all the construction. The Village Board wants to take this opportunity to thank residents for their patience and for being actively involved in this process and raising issues as they occur. ***You are our eyes and ears!*** Rest assured, the Village Board continues to work on issues as they surface and continues to work with the MTA, 3TC, Nassau County, and surrounding Villages in planning & coordinating future construction mitigation activities. These continuous communications include weekly telecommunication meetings with 3TC, monthly project meetings with the MTA, and almost daily emails and phone calls. We ask residents to please continue to pay attention to telephone voicemail blasts and to check the Village website for project updates: <http://www.vnhp.org> and more importantly, the LIRR Expansion website at <https://lirrexpansion.com>. For problems and concerns, we urge you to reach out to the 3<sup>rd</sup> Track Construction (3TC) Hotline at (516) 203-4955 or via email: [communityoutreach@lirrexpansion.com](mailto:communityoutreach@lirrexpansion.com). You may also copy Mayor Montreuil ([mayor@vnhp.org](mailto:mayor@vnhp.org)) and Tr. Rainer Burger ([rburger@vnhp.org](mailto:rburger@vnhp.org)) on the email so they are aware of your concerns.

**Covert Ave Construction:** Overall, the Covert Avenue construction remains on track with the scheduled re-opening in October 2019. The tracks are being raised, the pits on both the North and South side have been dug, undergrade drainage is being installed, retaining walls are in place, and the new bridge supports and infrastructure are progressing well. Looking at the pictures below, you can already see the exterior façade wall being installed. By the time you receive this Newsletter, the "push" of the new bridge, scheduled to take place Friday, August 23 through early Monday morning August 26, will be complete. This is a significant milestone in the completion of the Covert Avenue Undergrade Crossing Project.

Excavation on Covert Avenue continues. New retaining walls and drainage are being installed.

One of the three sections needed to construct the new bridge at Covert Avenue has been installed.

**Covert Avenue Detour Plan:** The Village continues to analyze the traffic flow and adjust the detour plan as necessary. Unfortunately, this takes time because any changes need to be reviewed by traffic engineers, and reviewed and approved by the County. The Village Board initiated changes since the original implementation of the April 15<sup>th</sup> closure which include:

- **Relocation of Covert Avenue roadway closure barriers from 5<sup>th</sup> and Covert Avenues to Stewart and Covert Avenues avoiding a steady stream of vehicles travelling down 5<sup>th</sup> and 6<sup>th</sup> Avenues.**
- **Adjustment of the barriers on Covert and Stewart Avenues, eliminating a dangerous situation of vehicles traveling into oncoming traffic to make a left onto Stewart Avenue.**
- **Adjustment of the signal timing on Covert and 1<sup>st</sup> Avenue as well as an adjustment and synchronization of traffic signals at South 12<sup>th</sup> Street and Ingraham Lane on Jericho Turnpike.**
- **Installation of Stop Signs on South 12<sup>th</sup> Street to slow down traffic and the removal of parking spots at Jericho Tpke. and South 12<sup>th</sup> Street to facilitate right turns onto Jericho Turnpike.**

While the intention of the Detour Plan was to channel away traffic from our local side streets, South 12th Street traffic unfortunately has been impacted and resulted in continuous traffic, especially during peak rush hours. At times, traffic jams have been created when the LIRR Crossing Gates are down for an extended period of time as a result of signal or other LIRR operations issues. We have been working with 3TC and the Village engineering firm VERTEX to consider some traffic mitigation options. As highlighted in the Mayor's letter dated July 21st, some options being evaluated include:

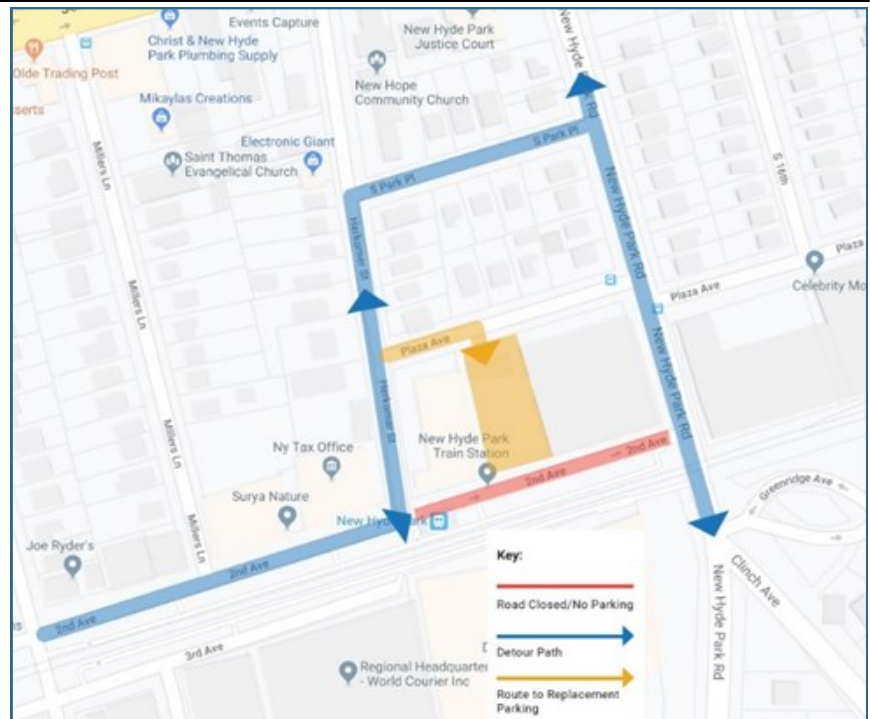

- **No through traffic northbound on South 12<sup>th</sup> Street from Stewart Avenue**
- **No through trucking signs on South 12<sup>th</sup> Street**
- **Speed bumps on South 12<sup>th</sup> Street**
- **No left turn from South 12<sup>th</sup> Street to 2<sup>nd</sup> and 3<sup>rd</sup> Avenues**
- **Creating two turning lanes on South 12<sup>th</sup> Street at Jericho Turnpike**
- **Temporary traffic signal on South 12<sup>th</sup> Street at the railroad crossing to further control the traffic flow**

As we look at options, we are also trying to evaluate the unintended consequences. Like water, traffic flows the path of least resistance. Solving one problem could create another problem downstream. With the increased traffic flow on South 12<sup>th</sup> Street, our residents have witnessed several close calls with vehicles and pedestrians, as motorists "roll through" stop signs and play a game of "Russian Roulette" with other motorists as they race to work, to the train, or just want to beat the train to get over the tracks. Again, the Village thanks everyone who has submitted pictures and videos of these dangerous situations. The Village has reached out to the Nassau County Police Department to enforce the traffic flow at South 12<sup>th</sup> Street. At the July 18th Board meeting, Inspector Musetich, Commanding Officer of the 3<sup>rd</sup> Precinct, reported that over 45 traffic tickets were written and enforcement will continue. We ask all residents to be mindful and obey the traffic laws throughout the Village.

**New Hyde Park Road Construction & 2<sup>nd</sup> Avenue Detour:** With Covert Avenue construction coming to an end this fall, 3TC has begun ramping up construction and utility relocation work at New Hyde Park Road and the surrounding area. This unfortunately does not come without problems. In the last Newsletter, we expressed the Village's frustration and impact of unannounced lane restrictions on New Hyde Park Road. The Village Board addressed this with 3TC in the Spring. For the most part, for the months of May thru mid-July things have been going well. In fact, we were able to work with 3TC to delay the closure of 2<sup>nd</sup> Avenue between Herkomer Street and New Hyde Park Road for two weeks, so that proper notification could go out to the public.

This included collaborating on a press release as well as 3TC agreeing to put fliers in mailboxes along impacted streets and on the windshield of commuter cars. This delay also allowed the work permit to be updated as it incorrectly reflected the timing of the 2<sup>nd</sup> Avenue closure. The Detour Plan shown routes traffic from 2<sup>nd</sup> Avenue onto Herkomer Street, then to Plaza Avenue and then to New Hyde Park Road. This plan also included the opening of a new Temporary Commuter Lot in the previous location of the 115 New Hyde Park Road Storage facility. This Temporary Parking Lot was created for commuters and replaces 1 for 1 the parking spaces lost from the closure of 2<sup>nd</sup> Avenue.

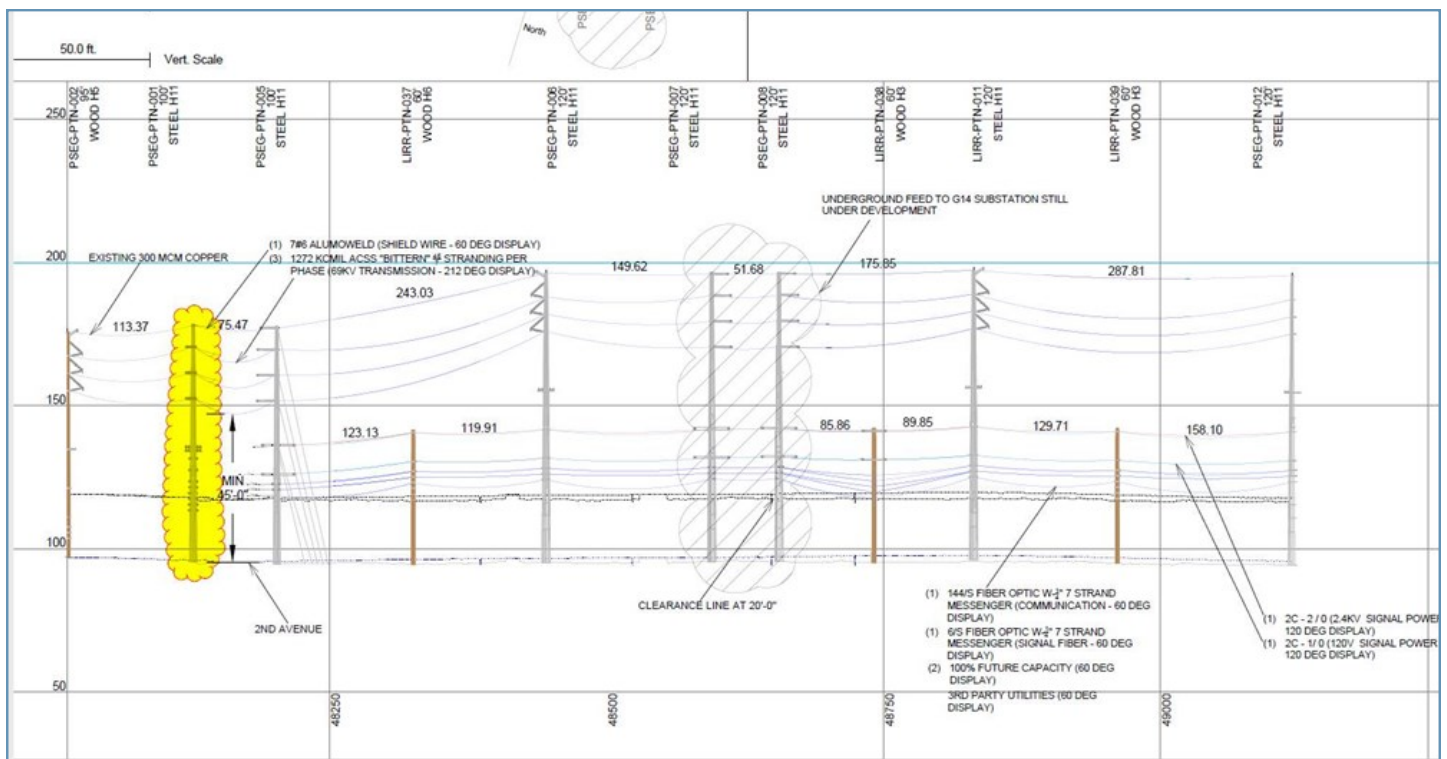

That said, in late July and early August, the Village again experienced an unannounced closure at Plaza and Clinch Avenues. The Village Board immediately notified 3TC and the MTA that this is unacceptable - not only because our residents were not properly notified, but because the New Hyde Park Fire Department was also not notified which presents a serious safety issue as it impedes their response to emergencies. The Village informed 3TC and the MTA that our residents are losing faith in the management of the project's subcontractors, which will in turn impact their Quarterly Survey Rating and Incentive Bonus. We encourage every resident to complete this survey when released. Also, please pay attention to and routinely check the Village website and the LIRR Expansion website for project updates and alerts. The Village Board and staff do our best to get project notifications on the Village website as quickly as possible.

The Village Board along with VERTEX (the Village's Engineering Consultant Firm) have completed its review of the New Hyde Park Road Construction Drawings. This construction package includes a 2-lane temporary roadway structure permitting vehicle traffic to continue flowing North and South on New Hyde Park Road. In late June, 3TC made a strong push to change the design and completely close New Hyde Park Road....eliminating the temporary roadway. 3TC believed that they could possibly save approximately 5 months from the 25-month construction schedule. Both Nassau County and Garden City consented to the closure. However, after a more detailed analysis by Trustee Rainer Burger and Mayor Lawrence Montreuil and a working session with 3TC and the MTA, the Village denied the request. For one, a schedule to show the time savings was not presented. Secondly, it was identified that the schedule savings did not include the necessary LIRR schedule/shutdown operations to perform the work in the Right of Way. Incorporating the schedule/shutdown operations would reduce the schedule savings to only about three - four months. Lastly, a review of the Traffic Analysis diverted an untenable amount of traffic onto our residential streets, more than we are already experiencing with the closure of Covert Avenue. As Mayor Montreuil explained in his July 21st Mayor's Letter to Residents, in its simplest form, six lanes for traffic is always better than four! The best mitigation efforts we could put forward still could not adequately protect our neighborhood from the wave of traffic. We will continue to closely monitor and work with 3TC to keep the project moving forward as well as look at other possible alternatives to accelerate the schedule.

**Rodent Control Plan:** The Village continues to monitor rodent control and abatement throughout the LIRR Right of Way and construction area, and have once again, requested that additional traps be added. 3TC responded in June by adding a total of 24 traps: 8 at New Hyde Park Train Station; 4 along 2<sup>nd</sup> Avenue; 4 along 3<sup>rd</sup> Avenue, east of Covert; and 6 along 3<sup>rd</sup> Ave, west of Covert. Residents are asked to help with rodent control by putting garbage in containers with lids and not leaving garbage outside loose or in plastic bags.

**This is very important, especially during the summer months.**

**Utility Poles:** As noted in the July 21st Mayor's letter, the Mayor and the Village Board has expressed their concerns with the installation of large utility poles along the railroad. These poles are massive, an eyesore, and out of character for our Village. The Village included language in the Memorandum of Understanding (MOU) that required the MTA to explore the feasibility of burying utility lines in New Hyde Park. The MTA responded eventually that it was not feasible, citing construction delays and an increased cost of \$150,000,000 to bury all utilities. The Village had been asking for renderings of the poles and placement locations. These were eventually provided in July 2019. We see now that the poles they plan to erect are 100' and 120' high. Please see the highlighted pole in the drawing below and you can compare them to the existing poles. This is very alarming and it is the Board's view that these large poles will greatly diminish the suburban character of our village. The Village Board has met with the MTA Project Executive and requested more information about these poles. The Village is considering all options with regards to the proposed utility poles. In addition, we are evaluating the Environmental Impact Statement and have also solicited the service of VERTEX to review the design, documentations, and options available to the Village. We urge our residents to reach out to our Senator, local Legislator, Assemblymen, and the 3TC Hotline at 516 203-4955 to voice their concern.

**Electrical Substation:** A number of residents have been asking for the status of the reconstruction of the Electrical Substation at South 9<sup>th</sup> and 3<sup>rd</sup> Ave. The original schedule showed a 30% Design to be released in April 2019 with a 60% design in July 2019. During a July 2019 meeting with the MTA, it was noted that the original design for the Electrical Substation was scrapped by the MTA and is currently under re-design. The Village Board understands that the redesign actually reduces the size of the substation both in height and in foot print. No date was provided by 3TC and the MTA for the submission of the design package. The latest construction schedule shows the Electrical Substation construction to start in the 3<sup>rd</sup> Quarter of 2020.

### Plaque Dedication for Trustee Donald Barbieri

In June, a plaque dedication was held in the Board Room at Village Hall to commemorate and honor the life and the legacy of Trustee Donald Barbieri. Immediate family, close friends, and Village family gathered as Mayor Lawrence Montreuil and Deputy Mayor Donna Squicciarino unveiled the beautiful plaque. The wall behind Don's seat in the Board Room was chosen as the site that will forever mark Don's legacy as a Village Trustee, Community Advocate, and Friend to all in the community. A bench in one of Don's favorite places, Memorial Park, was also dedicated in his memory.

After the presentation, many guests shared a personal story about Don. It was a beautiful event to celebrate a beautiful life. All residents are welcome to come into the Board Room at Village Hall and see the beautiful plaque which reads:

Mayor Lawrence J. Montreuil with the Barbieri Family: Daughters Angella & Marielena, Mom Audrey, Brother Craig, and Sisters Diane and Susan.

### *Donald Barbieri, Village Trustee 2001 - 2018*

*For his untiring efforts that made positive changes in people's lives throughout our Village and beyond, despite enduring significant and unrelenting physical hardships, and without complaints but with great cheer, he served as a model to his colleagues and the community he lead, and through his actions and cheerful attitude demonstrated the meaning of Courage, Grace and Passion. His smile and kind heart will be dearly missed, but his many accomplishments and his impact to the Village of New Hyde Park will endure.*

### CALLING ALL VETERANS

#### *The American Legion Ernie Pyle Post 1089*

#### *New Hyde Park Needs You!*

The American Legion was chartered and incorporated by Congress in 1919 as a patriotic veterans organization. It is the nation's largest wartime veterans service organization. The American Legion is committed to the sponsorship of many programs in our communities that advocate patriotism and honor, promoting strong national security, and continued devotion to our fellow service members and veterans. Many of the programs, such as Boys State and Children and Youth Support and Mentor our Youth. The American Legion's success depends entirely on active membership, participation and volunteerism. The organization belongs to the people it serves and the communities in which it thrives. ***This is where YOU come in.***

The American Legion in New Hyde Park is in dire need of membership. The current membership is aging and consists of veterans primarily from World War II, Vietnam, and Korea. If you have served federal active duty in the United States Armed Forces since December 7, 1941 and have been honorably discharged or are still serving - you are eligible for membership in The American Legion! Because eligibility dates remain open, all active duty members of the U.S. Armed Forces are eligible to join The American Legion at this time, until the date of the end of hostilities as determined by the government of the United States. It is time for our younger generation of war-time veterans to stand up, take the flag, and carry on the tradition of the American Legion.

Please contact Commander John McGuire at 516-640-2468 to join the American Legion Ernie Pyle Post 1089 of New Hyde Park. For more information on the American Legion, please visit <https://www.legion.org>.

## *Memorial Day Tribute Parade*

Memorial Day is a very special day for our community, to honor and remember the 55 young men from New Hyde Park who died in service to our County. This year, under a bright sunny sky, local elected officials, service groups, residents, merchants, and members of the New Hyde Park Chamber lined the streets to honor, mourn, and remember the New Hyde Park residents who died in wartime. During the ceremony, Mayor Lawrence Montreuil read the names and addresses of our War Dead, many of whom had just graduated New Hyde Park Memorial High School before going off to war. This is a solemn and important day for our community and our Country. We thank those who attended and invite more residents to join us next year.

**Nassau County Presiding Officer Richard Nicoletto, Tr. Rich Pallisco, Tr. Rainer Burger, Deputy Mayor Donna Squicciarino, Mayor Lawrence Montreuil, North Hempstead Supervisor Judi Bosworth, and NY State Senator Anna Kaplan march in the Parade to Village Hall.**

**Members Mario Obertis, Bill Hothan, Bob Simons, and Jim Lutz.**

**Officers and members of the New Hyde Park Fire Department.**

**Commander John McGuire and members of the Francis Lewis ROTC Band salute fallen Veterans at the war memorial in the Park.**

**Assemblyman Ed Ra, NC Presiding Officer Rich Nicoletto, Councilman Angelo Ferrara, Councilman D'Urso, Tr. Rich Pallisco, Mayor Lawrence Montreuil, NYS Senator Anna Kaplan, Tr. Rainer Burger, Councilwoman Lee Seeman.**

## Parks and Recreation - The 2019 Children's Summer Recreation Program

From the bottom left: Nicole DeMaria, (Assistant Camp Director), Counselors Ashley Rullo and Isabella Torres. From right to left: Camp Director Dylan Savarese, Counselors Michael Dominguez, Michael Guglielmo, Douglas Obidienzo, and Kyle Cajigas.

The Camp Directors and Counselors are the heart and soul of this Program. They interact with the children and encourage them to participate in all the activities provided. Village Parks Manager John Nicastro is very pleased with the success of this year's program and with the talented staff. When asked for his thoughts, John stated: "The Village offers a great children's summer program and we receive a lot of great feedback from parents and from the children. The kids enjoy playing games and the water balloons are their favorite on a hot summer day". We encourage all residents to consider this program next year for their children. Look for program details in the 2020 Spring Newsletter or on the Village website.

Many of the 58 children enrolled in the morning session (to the right) took their group picture on the baseball field with the Counselors in the back row. Children in the morning session had boundless energy and played organized sports, water balloon games on those hot summer mornings, board games, and arts and crafts under the sun shade. This was the only group that had to be moved indoors twice due to heavy rain.

The group picture of the afternoon session (to the left) reflects the large number of children that participated. With 88 children enrolled, this was one of the largest groups we have had in a long time. Many of these children graduated out of last year's morning session and returned again this year.

The activities enjoyed by the older children included baseball, basketball, soccer, lacrosse, and of course, water balloon games!

## Summer Concerts at Memorial Park

**Tr. Rich Pallisco presents a Certificate of Recognition to the team from Maspeth Federal Savings Bank. At the far right is Lisa Miranda, Cultural Commissioner.**

The Summer Concerts are always a big hit. Each show typically brings out hundreds of folks eager to enjoy a show under a warm summer sky. This year, we had big crowds at the first two shows, even though both shows were moved indoors due to inclement weather. The last two shows were equally well attended and went on as planned in Memorial Park. Maspeth Federal Savings Bank has been sponsoring a concert for many years. This year the Bank sponsored The John Fogerty Project held on June 19th. At the beginning of the concert, Maspeth Savings Bank was presented with a Certificate of Recognition from the Village Board for their generosity and commitment to the community.

The summer concert series is organized by Cultural Commissioner Lisa Miranda, who strives to bring quality family entertainment every summer to the Park. If your business is interested in sponsoring a show next year, please contact Lisa Miranda or the Village Clerk's Office.

## New Hyde Park Museum

Carol Nowakowski, President | Mildred M. Tassone, Vice President

516.515.1837 | [nhpmuseum@gmail.com](mailto:nhpmuseum@gmail.com) | [nhpmuseum.org](http://nhpmuseum.org)

Thank you to everyone who attended the Stars of New Hyde Park held at the Hillside Public Library on July 23rd. And, a special thank you to artist Steve Hetzel, who painted the mural in the New Hyde Park Village Hall Court Room. The Library is not only a great meeting space to present in, but the number and variety of programs is over 700 each year. The Museum appreciates the Library's invitation to participate in their community events programs as well as to present our Museum workshops.

As mentioned above, Steve Hetzel is the artist who created the mural in the Village Court Room in 1981. Mr. Hetzel has put together a really interesting workshop on how he painted the mural, the village members he interacted with, world events at the time, and why he selected the subjects in the mural. A workshop will be scheduled in the Village Hall Court Room in the fall. Through Steve's research on New Hyde Park's history for the mural, he has become very knowledgeable and will discuss the background of the mural and the historical past it represents. If you want to know when this or other programs will be scheduled, you can go to: [NewHydeParkMuseum.com/events](http://NewHydeParkMuseum.com/events) and sign up for our mailing list.

## Upcoming Exhibits

The Museum has received some interesting donations of items from the time period around 1900. The Winter exhibit will display some interesting artifacts from this time period. If you have anything you think might be interesting from that era, please go to the Museum home page, click on the link to send a message.

## Parks and Recreation

### Activities at Memorial Park

In addition to tennis, basketball, and lacrosse, Pickleball and Bocce have been added to the menu of games available for play at Memorial Park.

Pickleball is a game that combines the elements of tennis, badminton, and table tennis. Two or four players use a solid paddle to hit a ball, similar to a Wiffle Ball, over a net. It is usually played on a solid surface, such as a tennis court.

Bocce is played using eight large balls and one smaller target ball. There are four balls per team, each of a different color or pattern. Team members toss or roll a team Bocce ball and attempt to get it closest to the target ball or to knock the opponent's

ball away from the target ball. Points are awarded at the conclusion of each game. The recently installed Bocce Court is located next to the tennis courts at the Lincoln Avenue entrance

If you prefer a more traditional game like tennis, basketball and lacrosse, don't forget the Park Attendant has all the equipment you need to play. Games are available to play every day from morning till dusk. Just tell the Park Attendant the game you want to play, he will give you the equipment, and you're set to play. Remember, the Park Attendants are there to assist and to help in any way.

### Long and Lean Exercise Class

Get ready for the return of **Long and Lean** adult exercise class in September. This one hour exercise class includes gentle stretching, Pilates exercise, and light weights. Participants should bring an exercise mat, a towel, 3-pound weights, and a water bottle. Classes will be held September 16th thru November 25th, every Monday and Thursday, 10:30 - 11:30 am in the lower level of Village Hall. This is a free program for Village residents. Non-residents are eligible to participate at no charge, pending availability. Register on Monday, September 16th, prior to the beginning of class. Please call the Village Clerk's Office or visit [www.vnhp.org](http://www.vnhp.org) for more information.

Instructor Tara Hayes (pictured right) developed a great program tailored to the needs and abilities of participants.

Members of the NHP Lions and the NHP North Lady Lions Club along with Nassau County Legislator Richard Nicoletto and Village Trustees Rainer Burger and Rich Pallisco.

On Wednesday, July 24th the Village welcomed a new addition to Memorial Park....A Lion Water Fountain. The New Hyde Park Lions Club and The New Hyde Park North Lady Lions Club purchased the new water fountain and generously donated it to our community. You can find the Lion Water Fountain in the 'kiddie' park next to the gazebo.

The Village thanks everyone who worked to make this project a success, especially NHPFD Commissioner Mike Stein for volunteering his time and talents to install the water fountain. Be sure to bring the kids to Memorial Park and visit the Lion Water Fountain. It's a great addition to our Park.

## ***Zoning Board, Architectural Review Board, and Village Board Public Hearings***

### ***Zoning Board of Appeals:***

August 14, 2019

- 302 South 8th Street - an application was granted to construct a second floor addition to the front of the home with a 6' cantilever into the front yard. The rest of the addition will be built over the existing first floor which exceeds the side yard setback.
- 533 North 6th Street - an application was granted to construct a 340.66 square foot single story rear addition which exceeds the permitted lot coverage for this property.
- 561 6th Avenue - an application was granted to construct a full second floor addition with a front and side yard cantilever which exceeds the average front yard and side yard setbacks.
- 249 Jericho Turnpike - a request for off-street parking relief was granted for a martial arts studio. On July 9th, the Village Board granted a special use permit for the applicant to operate a martial arts studio.

### ***Architectural Review Board:***

June 5, 2019

- 402 Brown Place - an application was approved to construct additions to the first and second floor with interior alterations.

July 10, 2019 - Hearing cancelled. No cases on the docket.

August 7, 2019

- 516 6th Avenue - an application was granted to build a second story addition that includes 3 bedrooms and 1 bathroom. This approval was made contingent to minor changes to material and roof design.
- 812 North 9th Place - an application was granted to demolish an existing house and build a new one family house with a one car garage. This approval was made contingent on reducing the cemented area and upon the submission of a landscape plan.

### ***Village Board: Special Use Hearings***

June 20, 2019

- 249 Jericho Tpke - a special use permit was granted for the applicant to teach martial arts at this location.

August 15, 2019

- 1500 Jericho Tpke. a special use permit was granted to perform alterations for the expansion of a convenience store at the Shell Gas Station.

### ***SCAM Prevention Seminar***

Telephone scams are unfortunately on the rise, especially targeting the elderly and homebound. Phone scams can include claims of family illness or kidnapping, IRS debt, or even prize winnings, all intended to steal your money or obtain vital information that can be later used to steal your money or your identify. It is important to be aware of this activity and to know what to do if you ever receive such a call.

POP Officers from the 3rd Precinct have offered to conduct a SCAM Prevention Seminar at Marcus Christ Community Center in late September or early October. At the time of this publication, the date and time has not been finalized. So, please check the Village website and/or the e-Board for further details. This seminar runs approximately 1 hour, which includes time for audience questions or discussion.

**A new commuter parking lot was constructed in the previous location of the storage facility at 115 New Hyde Park Road. This lot replaces, one for one, the parking spaces lost from the closure of 2nd Avenue.**

Village of New Hyde Park

# COMMUNITY DAY

Sponsored by Northwell Health

**Saturday, September 14, 2019**

**11:00 am - 4:00 pm**

**Raindate: Sunday Sept. 15th**

**In Memorial Park,  
Lincoln Ave. New Hyde Park**

Community Day Replaces  
the Annual Street Fair This Year

**Featuring the Northwell  
"Health and Wellness Pavilion"**

**LIVE MUSIC  
12 pm-3 pm**

Sponsored by the New Hyde Park Funeral Home  
and Katie McBride Foundation.

**Family  
Fun For  
Everyone!**

**Local  
Businesses**

**Cultural  
Dance  
Groups**

**Special  
Sales**

**Children's  
Activities**

**Great  
Prizes &  
Giveaways**

**Magic  
Show**

**Food  
& Drink**

Live Music Sponsored by:  
The Katie McBride Foundation

Tent Sponsored by  
Sarah's Spices & Halls Carpet

AMPLE PARKING ON SIDE STREETS

**For more info visit [vnhp.org](http://vnhp.org) or call Village Hall 516-354-0022**

**SANITATION SCHEDULE CHANGE****Columbus Day****Monday, October 14**

Garbage for north side POSTPONED and  
rescheduled to Tuesday, October 15

**Tuesday, October 15**

Garbage collection for entire Village.  
Newspapers for the north side.

**Election Day****Tuesday, November 5**

Garbage for south side POSTPONED and  
rescheduled to Wednesday, November 6

**Wednesday, November 6**

Garbage collection for south side.  
Newspapers for north side.  
Recyclables for the entire Village.

**Veterans Day****Monday, November 11**

Garbage for north side POSTPONED and  
rescheduled to Tuesday, November 12

**Tuesday, November 12**

Garbage collection for the entire Village.  
Newspapers for the north side.

- Garbage, newspapers, and recyclables cannot be put curbside before 7:00 pm on the day prior to pick up.
- DPW provides two bulk and one e-waste pickup every week, excluding holidays, on an appointment basis only. Call the DPW to schedule a special bulk or an e-waste pick up.
- Please ensure all trash items are secure before placing curbside for pick up. This will help prevent trash, papers, boxes, and recyclables from blowing into the street or neighbor's property.
- Empty trash receptacles left curbside all day are unsightly and could be a sign that the home is unattended. Place empty trash receptacles in the rear of your property. If your neighbor's empty receptacles are left curbside, please help out and move them to the side or rear of the property.
