

Water Treatment Construction
2nd Avenue, between S 5th Street and S 6th Street
New Hyde Park

June 7, 2021

As part of its continuing effort to improve water service for domestic and fire protection, the Water Authority of Western Nassau County ("Water Authority") is replacing its emergency generator at 2nd Avenue in New Hyde Park.

The new generator will arrive by tractor trailer during the evening hours on Tuesday, June 8th and will be installed during the day (by crane) on Wednesday, June 9th.

Every effort will be made to minimize the disturbance to our surrounding neighbors.

For further information or questions on this project, please contact the Water Authority at (516) 327-4100.
